Urban Growth of Kansas City

<http://www.sites.urbangrowth.org/>

Urban Growth is dedicated to the revitalization of Kansas City. With the creation of sustainable organic agriculture we hope to foster a reduction in food costs, promote healthy recreation, and community enrichment. Through the creation of our Mini Farms we are able to provide the means to donate, sell, and increase the accessibility of locally grown produce. Our Mini Farms and projects of renewal and growth are created for urban areas, residents, and local businesses. We hope that in doing so we can instill the educational tools to help our community sustain itself, now and into the future.
