BIG THINGS BEGIN WITH YOU

United Way of Greater Kansas City offers customizable engagement opportunities for groups of any size, on- or off-site, and that fit your interests.

DID YOU KNOW 82% of employers say employees want the opportunity to get involved and volunteer with peers in a corporate-supported event?

"Building an environment that is fulfilling, meaningful and fun not only benefits employees, but it can also potentially result in better business outcomes, including higher productivity, increased efficiency and higher levels of customer satisfaction."

FIND YOUR OPPORTUNITY

PROGRAM POP-IN
- Opportunity for small groups to visit a local agency and experience firsthand the impact their dollars have throughout our region.

POVERTY SIMULATION
- Immersive half-day experience that guides participants through what it looks and feels like to live in poverty, and learn how United Way is addressing it in our community.

GET CONNECTED WEBSITE
- United Way’s Volunteer Portal offers real-time volunteer opportunities from all across the Kansas City Metro, where you can search what fits your schedule, interest, group size and location!

IMPACT KITS
- Kits themed around veterans, baby safety, and hygiene, are put together by your team and then given to local agencies who directly serve those in need. Impact Kit assembly offers groups a quality volunteer opportunity that can be completed anywhere, giving every employee the chance to make a difference in our community.

EMPLOYEE ENGAGEMENT
- In partnership with United Way staff, co-create customized engagement plan to meet the needs of your employees.

DAY OF CARING
- Join United Way as we celebrate the largest day of volunteering and community impact in Kansas City.

VOLUNTEER MANAGEMENT
- Looking for a project? Let United Way coordinate the best experience for you and your employees, based on your skills, talents and interests. These experiences are aligned with our community investments and the work United Way is already doing in Kansas City.

MAD CITY MONEY
- Spend part of your day assisting area high school students through a financial reality simulation — complete with occupations, salaries, student loan and credit card debt, medical emergencies and more — as they learn the importance of budgeting and economic decision making.
